

Happy New Year & return to Buehler's Idlewild Inn 2024!!

2023 highlights: Skiing with Ruby, M&M trip to Budapest, Madelyn Jane born April 19, Mark kite surfing at OBX, return to Buehler's!!!, M&M 3 week RV trip to & from FL, Thanksgiving at Alex & Chris's new home in Yardley, Gabe finished masters @ Lehigh, & home for the holidays!

Underway for 2024 season:

Although we have hoped for wide sweeping renovations, my health brings me more to 95% human - unlike the 150% human I used to be! One of our goals is to finish the refacing of the Lodge (Game room) and adding a front porch roof as well as refinishing the porch. We have other goals but need to take one day at a time.

Purchasing the Farm and property from the Buehler's - ON Pause!!

We have paused the plans for the purchase of the Inn because of my terminal cancer & ongoing treatment. We feel truly blessed to be able to continue running Buehler's as we have in the past - with Scott Buehler's permission & support!

Rates - Will remain the same as 2023 - See attached 'Buehler's Rates and Reservation 2024' form.

Tipping & Service Charge

In 2023 we increased the staff wages and implemented a service charge of 15% to help to cover wage increases. In the past, average tips were greater than 18%, and so we've left it up to your discretion to leave any additional gratuity to be divided amongst the staff.

My Medical Condition

My cancer treatments continue to be managed at different intensities depending on tumor activity. I underwent radiation this past fall, and am presently on oral chemotherapy as a maintenance to give me time to recover from the last 4 months. As there is still not a cure for pancreatic cancer, proper management & living truly in the present have become my primary focus! That said, I am blessed every day and grateful for (otherwise) generally good health and an amazing support team/family!
